## **Recommendation Letter for Heba Backouch**

To Whom It May Concern,

I am pleased to recommend Heba Backouch, who joined SARsatX as a UX Design trainee in the Product Department under my supervision. During her training period from January 1, 2025, to March 6, 2025, Heba consistently demonstrated strong technical and soft skills.

She is proactive, possesses excellent communication skills, meets deadlines with a high standard of quality, and is a dedicated self-learner. Her ability to adapt and grow within a short time highlights her potential in the field of UX design.

I highly recommend Heba, as I believe she will be a valuable addition to any organization she joins. Wishing her all the best in her future endeavors.

Sincerely,

Mohammed Almawsami  
Product Manager, SARsatX  
Riyadh, Saudi Arabia
